Individuals

The Georgia Department of Revenue has the duty and responsibility to collect and account for State tax revenue. As part of this responsibility, the department is publishing information pertaining to some of the largest delinquent tax liabilities that remain outstanding, as authorized by Official Code of Georgia Annotated Section 48-3-29. The information concerning the taxpayers on this list is made public by virtue of tax executions (liens) that are recorded in the Clerk of Superior Court of the appropriate counties, as required by law.

Taxpayers who are listed have received multiple notices of the tax liability by the Department of Revenue to the last known address of the taxpayer within the records of the department, as required by law, and have been afforded the opportunity to pay the liability in full or to explain any discrepancies in information contained in the notices.

The current amount due may differ from the original amount as a result of partial payments and/or accrual of additional penalty and interest. Since the last update, some taxpayers may have resolved their debts listed below and may be in the process of being removed from this list.

This is an ongoing program and additional names will be added periodically. To ensure that your name does not appear on this list, please comply with all Georgia tax laws by filing and paying state taxes on time. Any taxpayer appearing in this list may contact the Department of Revenue to make arrangements for payment by calling (404) 417-6336 or may contact any of the regional offices of the department listed on this Website.
